

Helping Students Stay Connected

Having access from home to your teachers, school email, and data is important. Listed below are links for O365, and other programs you may want to use or be asked to use.

Office 365

All students in Anglophone East School District have an Office 365 account. Office programs such as Word, Excel, PowerPoint, and Teams are accessible online by signing in with your student username and password (example: HCPS12365@nbss.nbed.nb.ca, school password) to www.office.com

Downloading and Installing O365

You can also download the program(s) if you do not want to work online.

To download Office desktop programs to use on home devices please sign in to www.office.com

Click on your account - round circle at the top right corner on www.office.com

Click on "My Account"

Click on "Install office"

This account will remain available while the student is a student within the Anglophone School District. We do not offer any technical help or support with these programs.

Desire to Learn (D2L)

Log in is your username - not your NBSS email - Do not put @nbss.nbed.nb.ca example: nbss\caps12312
Link to access D2L is on main site under students

Powerschool Portal - Username is just your username not your email.
