TESS Demonstration of Learning Week 2020-2021

Understanding that instructional time has been extremely limited this year, the following plan allows us to maximize that instructional time and intervene as necessary, while still providing time for summative assessments (i.e. exams) for those teachers who choose to administer.

This plan has been created collaboratively with other ASD-E High Schools to ensure as much consistency as possible across ASDE. You will see some variations between schools, but High School administrators did work to be as consistent as possible.

- **Teachers instruct up until and including January 27.** This can include teaching outcomes within the prioritized curriculum that have not yet been covered, re-teaching outcomes that were not met, or progressing to outcomes that were left out of the prioritized curriculum that would be beneficial for students moving on to the next course, or post-secondary.
- If teachers are planning a summative assessment or unit test, please plan to have them on the designated day to avoid students having too many assessments on any given day. If you are planning a summative assessment, it is still expected that you teach/reteach/intervene until January 27.
- January 28 and 29 will be reserved as an intervention for teacher-identified students that require additional time/ support to meet outcomes that will allow the student(s) to achieve a credit(s). Teachers are to email student/ parents as to what student needs to accomplish by Jan 27, Admin, resource and school secretary to be cc'ed.
- Students will attend with their designated Track Day. **If students do not require this intervention, they do not need to attend. Evidence of parent contact and explanation of course completion required. (email cc'ing in Admin.)**

18 Track A/C Regular Schedule (Remote Learning)	19 Track B/C Regular Schedule (Remote Learning)	20 Track A/C Periods 1,3,5 (Remote Learning)	21 Track B/C Periods 1,3,5 (Remote Learning)	22 Track A/C Periods 2 and 4 (Remote Learning)
25 Track B/C Periods 2 and 4 (Remote Learning)	26 Track A/C Periods 2 and 4	27 Track B/C Periods 2 and 4	28 Students with missing work are directed to attend by teacher	29 Students with missing work are directed to attend by teacher

- February 1, 2- Turn Around Days; Marks due/submitted by 9 AM, February 1.
- Regular Q 3 track programming starts on Feb 03
