

Mission

The Friends of the Knights has been established to ensure the staff and students of Moncton High School have the resources they require for a successful high school experience.

Vision

In conjunction with parents, staff and the community, the Friends of the Knights will strive to create an academic and extra-curricular environment to meet the needs of all students, in order to cultivate a vibrant, positive and well rounded high school experience.

Message from Mr. Mike BeLong

We have recently created a group known as the “Friends of the Knights”. We have a wonderful new executive and we have met several times preparing for the Open House as well as our second major fundraiser next spring. Although we are at a new school there are many amenities that we are without and unlike K-8 schools, we do not have a Home and School so our Friends group is our primary group for generating funds. The executive is led by our chair Carol-Lynn Landry and we are excited about our second event next April (Friends of the Knights Auction and Dance). We need people to be on different committees like decorations, set up, auction items, transportation, communications, website, etc. We know there are many dedicated alumni and existing parents out there that can help us.

Quad Project (Est. \$200,000)

MHS Proposed Quad Project is the creation of beach volleyball, basketball, ball hockey, and band stands. The site would include green spaces, picnic zones, and much more. A natural landscape just outside our beautiful building.

Carol-Lynn Landry
Committee Chair

Joe Woodford -
Athletics Liaison

Sharon Geldart
Communicaitons

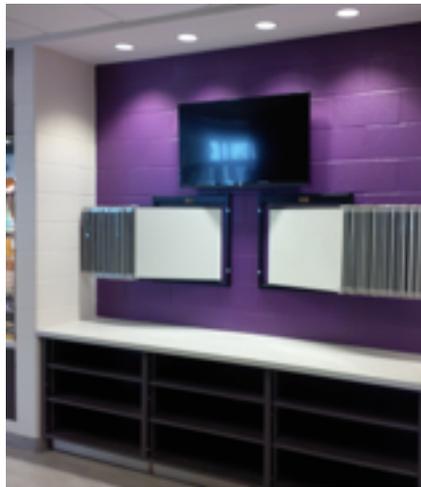

Anne-Marie
Picone Ford -
Parent Rep

Lee Anne Ward - Special Events
Coordinator

Committee Members

- Gilda Ryder
- Lisa Farley
- Elizabeth Dow
- Cindy McLean
- Michelle Honduran

Composite Program (Est. \$30,000)

Since 1935, the graduation composites have been a fixture at Moncton High where generations have watched their alma mater grow year after year. The Composite Program will again allow the graduates of former years to grace the halls of MHS.

Storage Out-building (Est. \$40,000 - \$60,000)

While the new building is beautiful, the storage is severely lacking for a facility this size. The out-building would be used for off season sports, materials, and other school needs.

High Performance Field (\$1,000,000)

The proposed performance community use field will allow for longer and safer athletic and fitness seasons for both the school and community.
