### SCHOOL SUPPLIES - GRADE 9

Dear Parents/Guardians:

Welcome to our newest Purple Knights! As your child enters Grade 9 at Moncton High School this fall, we would like to see them come prepared for the year. Teachers have put together a list of school supplies we feel will be essential for their success in each course. Some items will be collected by subject teachers but most will be kept in their school bag or locker to be used when required for a class.

Please note that items may certainly be reused from previous years and if well-kept, many of these items can be used from grade 9 to 12.
