### The Great Canadian Farm Tour

Grade 2 is participating in a unique learning opportunity, Agriculture in the Classroom.

They will be visiting 10 farms virtually across Canada from mid-April to mid-May. They will learn about Canada's exciting agriculture and food story. *Connect* and interact virtually with real farmers on their **own** farms, and *experience* what it's like on a real farm. Some of the farms we will be visiting are: Tomatoes - British Columbia, Grains - Alberta, Sheep – Saskatchewan, Chickens – Manitoba, Apples – Ontario, Pork – Quebec, Potatoes – New Brunswick, Christmas Tree – Nova Scotia, Research – Prince Edward Island, Bees – Newfoundland & Labrador.

We hope that this learning opportunity will inspire students, ignite their curiosity, and teach them about the important role agriculture plays in their lives, **EVERYDAY!**
