All ASDS Schools are Scent and Peanut/Nut Free

Welcome Back Everyone.

A paper copy of the September newsletter is sent to all families. Subsequent newsletters will be posted on the school website only. Be sure to check the site for school messages as well.

Principal's Post

I would like to welcome our new and existing families to another great year at Norton Elementary School. The students and staff are settling into our routines and getting to know each other once again, focusing first on mindfulness, routines, and good study practices so the learning can begin. We encourage our families to have a designated time and place set aside for any homework each day after school. Should there be any changes to your child/children's afterschool arrangements, please be sure to send a note for his/her classroom teacher. Changes to bus routines must go through our Hampton Ed Center Transportation office. Also, please ensure clean masks are sent each day for use in the school's common areas. A spare change of clothes is also always a good idea 'just in case'!

Last year saw the loss of several of our active parent volunteers on both our PSSC and NESPA. These two committees are vital to our school community, and we are hoping to have new parents sign on this year.

Hot Lunch/Milk Program

The Norton Elementary School Parents Association will be looking for new executive members this year. The hot lunch/milk program is coordinated by NESPA. If you are interested in helping out please contact the school.

Parent School Support Committee

PSSC's serve an important role in terms of providing advice to the principal regarding school policies, strategies for partnerships within the community, ways of maintaining a positive climate within the school and support for the language and culture of the school, among other duties. The PSSC consists of parents, the principal and a teacher representative. There may also be community members on the committee.

We have several vacant positions this year. If you are interested in being a part of our committee, please contact the school at 839-3000.

Fresh Air Learning

During the school day students may be outside for some classes as we try to promote healthy learning. Although the afternoons have been mostly warm, we are starting to feel the fall temperatures in the morning. Please ensure your child is dressed appropriately for the weather each day. Having your child's name on any outdoor clothing is very helpful in the event that an item is forgotten on the playground or bus.

Cashless Schools

This program has been implemented in all schools in ASDS. The aim is to offer parents the opportunity to pay online for school fees and any items offered for purchase by the school. At this time, NES does not charge school fees. The hot lunch /milk program is coordinated by our parents group. Parents can register on our school website at anytime. Should we have items available for purchase online in the future, parents will be notified.
