

This is a message from Norton Elementary School for Friday, December 14th

If you have Christmas ornaments and decorations that you no longer need, we would love to have them for a Christmas sale next week. Students will have the opportunity to purchase items ranging from 25 cents to \$2.00 on Thursday, December 20th.

Money raised will be used to purchase "Baskets of Love". Baskets of Love is a partnership between Outflow Ministry and International Needs Canada. Donations help two families. A basket full of games and crafts is provided for a local family and a second basket full of sporting goods is sent to a needy community across the globe.

If you would like to donate items please send them in to the school by Wednesday, December 19th

Our concert will be held on Wednesday, December 19th at 9:00 and 11:00. We want to remind everyone attending to please not wear any strong scented products. Also, with changes to our playground, parking is now limited. We ask that you please park on the paved areas at the front of the school and do not drive around the back.

Our snow line has been changed this year. The new number is 1 855 535-7669 . We encourage parents to listen carefully to the radio stations on mornings that weather is questionable. You can also find information on delays and cancellations on the Anglophone South School District website.

And finally, next Friday, December 21st is a full day for students. Staff return for Professional Development on January 7th and 8th. Students return to school on Wednesday, January 9th.
