## **Marc Garneau's Visit to SES - A Huge Success!**

Mr. Garneau talked to the students about his experiences as an astronaut and what it is like in space. Mr. Garneau was truly a wonderful speaker and certainly delivered his message in a way that allowed students to understand.

(below left) Mr. Garneau watches closely as a paper rocket is launched by Lloyd Ravn who made a pretty cool air rocket launcher as part of the celebration in unveiling the future "Discovery Park" at SES. (below right) Shawnee McConchie presents the Discovery Park
