

WEED OUT THE RISK

AN ANTI-CRASH COURSE FOR CANADIAN YOUTH

 **Location:** Online: [Register Here](#)

 **When:** Monday April 20th
5:30PM - 6:30 PM (EDT)

Roads might have less vehicles on them, but vehicles are not the only thing you can hit!

This fun and interactive, single session webinar will use discussion, games, activities, and videos to challenge youth misconceptions about weed and how it affects their ability to safely operate a motor vehicle.

Weed Out the Risk (WOTR) is an interactive, harm reduction based program which looks to educate the next generation of drivers on the risks associated with driving high or being a passenger in a high drivers vehicle.

While the session is geared to youth, we invite parents, educators, and those working with young people to join in the conversation as well.
