## Staying Connected

Communication with our Sonics and their families is critical as we strive to provide the best education for our students. To stay most informed, we would encourage communication with each of your Sonic's teachers, reading the SRHS newsletter and frequently referencing our SRHS webpage.

## Team Effort

In order for SRHS to offer the best education possible we need to continue to work collaboratively with our Sonic families. It is

important to hear from you if you have questions or insights. We truly want the best for each of our students so we would encourage your continued collaboration as we partner in educating your young adults.
