

As 2022 comes to an end, we acknowledge how busy our first semester has been with regular classes, two school wide assemblies, pep rallies, and numerous club and sport events. As we begin 2023, we wanted to share some important information with our Sonic Families.

Connect, Reconnect and Be Involved

Two important ways we connect at SRHS is through **G3** and **SRHS Cares**.

G3, Growth, Goals & Grit 120, is a course and biweekly time that students connect with their G3 advisor to learn important skills within the provincial curriculum, along with being connected to an adult in our building. This course is only 45 min a week but over the four years of high school allows for the curriculum outcomes to be completed and provides our Sonics with an extra credit upon graduation.

SRHS Cares is a free store that provides our Sonics access to a variety of items ranging from personal care products, school supplies, bags of groceries, and clothing. We are able to provide this store with support from various individuals, groups and clubs from our community. This is in addition to our breakfast and hot lunch program we offer at SRHS.

Communication

We would encourage you to be checking Power School for the academic progress of your Sonic and to reach out to individual teachers if you have questions. Regular classes will continue this week and for the two weeks in January we are back prior to the Assessment week.

Assessment & Demonstration of Learning Week

There are no regular classes this week but rather two hour assessments for each course. The English Language Proficiency Assessment, ELPA, is a provincial assessment required for graduation that is written in grade 9 and repeated, if necessary, in grade 11/12.
