THINGS TO KNOW
FOR
POST GRAD
PLANNING

Requesting your transcript
(online or in person)

School sends your transcript

You don't see your transcript :)

STUDENT LOANS

Applications do not open until late May or June (you cannot do anything with student loans before then)

There will be an announcement when student loans will open

You will need to apply for student loans on your own, we can show you where but not apply for you

NBCC
NEW BRUNSWICK
COMMUNITY
COLLEGE

Interested? On October 20th they will be here at the school to answer your questions.

If you wanted a specific program you should have applied in April!!

You can still apply but may be waitlisted.

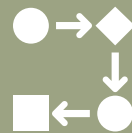

ADMISSION REQUIREMENTS

Go to the school you are interested in and look at admissions, it will tell you what you need for the program of interest.

Most NB universities require you to have 5 grade 12 courses and a specific average, it is listed on the admissions page.

Take some time and check to see what you need for a program of interest.

SCHOLARSHIPS / BURSARIES

Information can be found outside of guidance

Information can be found on university websites, look under admissions or financial aid

School website under guidance has a listing of scholarships to apply for, it will be updated shortly.

Generally need to write an essay when applying for a scholarship

SCHOLARSHIP ESSAYS, THINGS TO THINK ABOUT....

01

Scan items don't take pictures. (sometimes documents end up being very dark and organizations don't have time to respond to tell applicants the quality is too poor to read.)

02

Send the application to yourself first so you can see if it worked and you can open all the parts.

03

Answer all the questions provided, scholarships are scored on a rubric and if you're missing a section- you're not getting any points on that topic.

SCHOLARSHIPS CONTINUED.....

4 Proof-read: If you're applying for more than one be sure to take time to change the name of scholarship before you submit it.

5 Include real information reflecting your financial situation; how many children are in your family, how many children are currently in school, location of the school, how many years you expect to be in school, etc. Hardships like health issues, learning or physical disabilities can also influence the decisions.

ARE YOU THINKING DALHOUSIE?

This Thursday Randy a recruiter from Dalhousie University in Halifax will be at SRHS.

If you want to meet with him there is a sign in sheet outside of guidance in the hallway or a sheet at the back of the room. You must sign up to meet with him.

IN GUIDANCE

There are "look books" for different universities/colleges across Canada that explain their programs and course offerings

There is scholarship information on the hallway walls

You can make an appointment to meet with me to discuss plans further

Information on upcoming events from different schools and universities

We are here to help you, may not have all the answers but can try and find them for you. If you think of something you are not sure of, write it down so you don't forget to ask later.
