

Dear RES Families,

During the summer months of each year, Student Transportation Services works to revise applicable bus route schedules to accommodate new students and/or new school requirements. As a result, some students may experience changes in their bus route schedule. Please be sure to check your child(ren)'s busing information in late August before school begins.

BusPlanner makes it easy and secure to access your child(ren)'s busing information. We encourage all families to sign up for BusPlanner at <https://asdsbp.nbed.nb.ca/>, to receive information about busing such as stops and schedules, delays and school cancellations. Bussing for the 2025-2026 school year will be available after July 15, 2025.

For a quick video about signing up to BusPlanner, visit:
<https://youtu.be/SCar0ZbXkNs>.

If your child(ren) will require **courtesy busing** for the 2025-2026 school year, please access the Parent Portal Site at <http://asdsbp.nbed.nb.ca> and choose "Online Forms and Requests" located in the Parent drop down menu. **Please Note: all alternate locations/courtesy busing is deleted annually and you must make a new request every school year.** Alternate locations requests may take up to 10 business days to approve.

For new users, create your account using the same email address listed as a primary contact in PowerSchool, and your child will automatically be associated with your account. If you are an **existing user** and the login email is different from the one listed in PowerSchool, your child will no longer be associated with your account. You will need to update your information in Power School or create a new account using your primary Power School contact information to view your child's information in BusPlanner. All other existing users will see no change.
