Feb 14-18, 2022

## Love Week @RHS

We are rebounding from our long month at home in January with a highly spirited week in the Nest. Our SRC is hosting assemblies on Monday, lunch time activities through the week and theme days everyday. Staff and students are looking forward to the return to traditions we know and love. We hope to see high rates of participation as our Homeroom competition has been reset!

## COVID Cases @RHS

We are now 7 days into a full return to classes and as expected we have had a few cases reported each day of the past week. Schools and Public Health do not undertake contact tracing for these cases.

The new protocols place the burden of notification on the person who tests positive. Both positive cases and close contacts as asked to isolate.

A close contact is someone who you have been in proximity (under 2m/6ft), without masks for longer than 15 minutes. Students should be contacting the peers with whom they eat lunch in the event they test positive.

Please continue to advise the school when you or someone in your household tests positive or if you must isolate.

**Academic Work** – We had many requests for packages to be sent home or online instruction. We cannot fulfill those requests, but we can and will continue to populate TEAMS with assignment work. Please see the recommendations in “Supporting Your Students” for other ways to keep up with the work.

# Supporting Your Students @Home

## *Absences & Missed Time – some advice*

1. **Phone a Friend:** It will be important that your student has someone in each class that they can reach out to if they miss class. This person can share their notes from the day, let your student know about any tests/quizzes coming up and otherwise keep them up to date
2. **Consult TEAMS:** While we are no longer providing an online learning model teachers continue to use TEAMS for course outlines, handouts, assignments etc. Students should explore TEAMS before sending questions to the teacher.
3. **Seek help from the teacher:** Either upon their return to school or via TEAMS students can seek assistance from their teachers. The reply via TEAMS may take up to 24-48 hours depending on circumstances.

## Reminders & Celebrations

- **Graduation!** – A memo will be shared with families this Wednesday with details of our graduation events. The grad fee for all school-based events will be \$100 and it will be added to Cashless Schools this week. The \$100 includes the gown, lawn signs, diploma mount, decorations, gift bags, and digital photographs. Additional fees will be required for the Prom/Safe Grad event being run by parents.
- **Attendance:** Students unable to attend for any reason should call the school on 847-6204.
- **Masks:** The recommendation is that they wear tight fitting masks, preferably surgical style, 3 ply and when possible N95 style masks.
- **Volleyball Coaches NEEDED** – We are still looking for coaches to cover our two boys' teams and would welcome all interest. If you or someone you know can help, please reach out to [Kara.Johnston@nbed.nb.ca](mailto:Kara.Johnston@nbed.nb.ca)
- **Volunteer Opportunities:** We have some strong student leaders in our buildings looking for volunteer opportunities. If you have any jobs requiring volunteers at your church, your sports org or non-profit please reach out to [Kara.Johnston@nbed.nb.ca](mailto:Kara.Johnston@nbed.nb.ca)
- **French Opportunities:** Students seeking to improve their French proficiency will want to look at the ads on page 5-6 for programs being offered this summer.

EXPLORE 

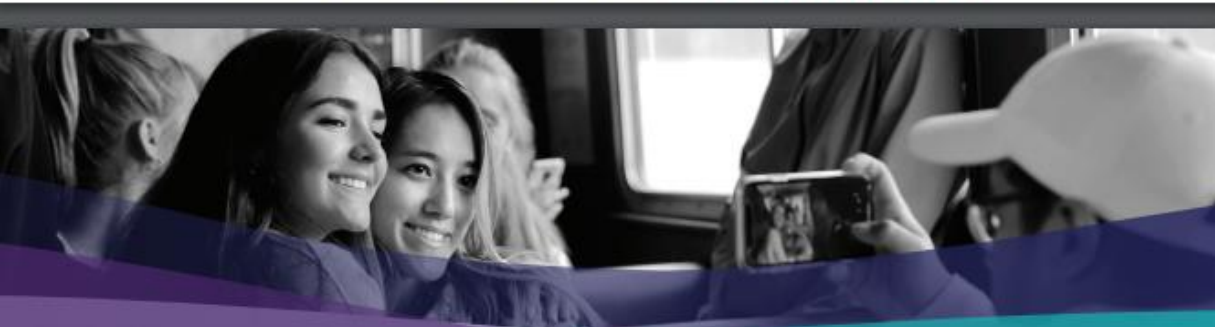

## Dive headfirst into **EXPLORE.**

Explore is an intensive French-immersion program that is offered during the spring and summer. It brings people from all across Canada together to experience francophone culture firsthand, to learn or improve their French-language skills and to have a whole lot of fun while doing it.

START YOUR STORY NOW AT [ENGLISHFRENCH.CA](https://www.englishfrench.ca)

### HOW DOES IT WORK?

The Explore program is a mix of in-class and activity-based learning. You'll generally start your days in the classroom with a language lesson and then a workshop. After that, you might find yourself kayaking, exploring the city, visiting a museum, or even watching a play! Don't worry – you'll have some down time to hang out with your new friends too. Activities vary from one place to another so read up on what is on offer to help you decide where you'd like to Explore.

80% of people get to explore at their 1st choice location!

### HOW MUCH WILL THIS COST ME?

Something this cool must be pretty pricey, right? Guess again. Explore is funded by the Government of Canada so your tuition, instructional materials, meals and accommodations\*, workshops and cultural activities are all included. You'll need to cover the cost of your travel expenses to and from your location, your personal spending money, any optional cultural activities you'd like to participate in as well as a non-refundable registration fee\*\*.

\* Does not apply for virtual sessions.

\*\* The registration fee is paid only when the applicant accepts their Explore offer.
