In Honor of a Valued Volunteer and Team Leader

~ The Rick McNulty Award ~

Rick McNulty is dedicated in everything he does, starting with his career in the military, proudly serving our country. Rick has a long history of volunteerism and always steps up to the plate.

Rick always puts others first.

~

In 2006, Rick's daughter, Laura, and son-in law, Greg, were killed by an impaired driver, his two grandchildren, Kali and Jeremy, were injured and left without parents. Without reservation, Rick and his wife, Sue, raised the children, and started devoting their lives to stopping impaired driving and supporting other victims and survivors wherever they went.

~

Rick is one of a kind, a rare find, whose dedication must not go unnoticed.

~

He is the one to make you laugh when you want to cry, with a nod or gesture of encouragement when you need it the most, a hand to hold when you feel alone, or a shoulder to cry on when there are no words

~

In 2016, Rick was diagnosed with cancer. Despite his fighter and survivor skills, he has been in the hospital for extended periods of time, leaving him unable to do the things he loves the most - **helping others**

~To honour our friend and mentor, we are offering the Rick McNulty Award~

An award in the amount of \$1000 -offered to young people who choose to follow in Rick's footsteps. Always living life selflessly and finding compassion in all they do- by lending a steadying hand towards others in need.
