Upcoming Events

June 13-17 –
Assessment Week
(mandatory student attendance)

Starting Monday, we are going to kick off our last fundraising effort for a cause dear to RHS. Back on the March Break, one of our fellow RHS families lost their home to a fire. Since then, RedHawks Nathaniel and Seth Ouellette have been living with their family in a hotel. We are incredibly pleased to announce that next month, they will FINALLY be getting their rental home!!!

As a school, we want to help welcome them to their home by helping to collect items to stock their shelves with necessities. Each homeroom will be given a list of items and asked to work together as a class to collect (toilet paper, spices, food items, etc). Each item is worth homeroom points, and any homeroom that collects all the listed items will receive homeroom points and have their class entered into a draw for an end of year homeroom celebration.

RHS Family and Friends that wish to contribute, can do so through donations of gift cards. The family of eight lost everything and will be rebuilding once they are in a new home, so gift cards to grocery stores, Walmart, Costco, or even hardware stores would be so graciously welcomed.

Let us come together as a RHS community and show this family our support and make this last fundraiser an enormous success!

Thank you to our Essential Skills Class and our SRC for making this a reality!

2022 Student Summer Learning Program

The Department of Education and Early Childhood Development (EECD) is offering a **free** summer learning program for students. It is open to students entering grade 10, 11, or 12 in the upcoming school year and to those who graduate in June 2022. To be eligible, you need to be registered in a New Brunswick High School, in June of this year, in one of the four Anglophone districts.

This program allows you to earn a mark that will be added to your regular school transcript. These are full courses and take a significant amount of time to complete (3-4 hours each day). If you want to improve a mark or get ahead in a course, *and you have the time to commit*, this program might be for you.

This program requires daily attendance and participation. Your activity and submissions are monitored. Students who fall behind or miss deadlines can be removed from the course. If you are unable to commit the required time, this program may not be for you. All these courses will be available online in the fall as well.

Courses may need to meet a minimum enrollment threshold to be offered. Schools will be notified of any changes to the course list and other information.

Information for students and families

Q. How many courses can I take?

A. In the time available it isn't possible to do more than

a single course. Students can enroll in a maximum of one course.

Q. What's the workload like?

A. It's an 18-week course being done over one month. You can expect to be putting in a several hours each day. While you can work at your own pace, if you fall too far behind you may be unable to complete the course.

Q. How is the course offered? Who teaches it?

A. Courses will be offered in D2L Brightspace, the same platform as regular distance learning courses. Courses are taught by online teachers from NB schools. You can sign in from home. <https://nbvlc.nbed.nb.ca>

Q. Do I need to have taken the course before, like with regular summer school?

A. No, it's not necessary. You can take a new course for the experience or to free up your schedule. You do need to have the necessary prerequisites to be enrolled.

Q. Do I need to be available each day? When do I need to be online?

A. Yes. You need to demonstrate evidence of working each day. While there is some flexibility about when you do your work, teachers will be available in the morning (9-12), and possibly other times by special arrangement.

Q. How is my mark recorded? What if I don't pass?

A. At the end of the course, we will send your final mark to your school. They will update your transcript. If you are unsuccessful, or you earn a lower mark on a repeat attempt of a course, it won't be recorded.

Q. What do I need for equipment and internet?

A. You will need a computer to complete the course (PC or Mac). Where all content is online, internet access is required. For software, you need an up-to-date browser (e.g., Chrome, Firefox, Safari).

Q. What information do I need to sign in? How will I know how to start?

A. You'll use your regular NBSS username and password. Before the course starts, you'll receive an email from the teacher with info about how to get started. The courses will open automatically on June 29th.

Q. Why am I being asked to provide a phone number and/or outside email address?

A. Where it's in the summer, if we need to get in touch with you, this will make sure we can do that. Every day will matter, so if you have account issues or other challenges, we need to get in touch.

Q. Do I have to submit assignments and complete activities every day?

A. Just about... each day in this course will be like four regular days of class. It will go quickly.

Q. This isn't what I expected / I found a summer job / I'm falling behind / I no longer need to take this course... now what?

A. While we hope you only sign up if you plan to complete the course, we understand that things can happen. If they do, the best plan is to talk with the online teacher to let them know you're not going to continue.

Q. Why might I be dropped from my course?

A. We want to make sure the course is preparing you for what comes next; if you're not active, not submitting work, or otherwise not putting in the required time, it's probably better for you to try the course in the fall.

Q. I still have questions!

A. Throughout the semester we'll be updating schools with more information. You can also email distance.learning@nbed.nb.ca with questions. Please include some specifics so we know how to best answer your questions.
