This is a wonderful opportunity for our future K students to see the classroom, experience school routines, and interact with a teacher and future classmates. They will also go for a short bus ride on School Street. Parents will meet in the gym to learn more about helping their child's transition to school.

If you have volunteered in any way this year at D.A.T.L., you are invited to our

This will include, but is not limited to, the following: Poured In-Place Rubber/Turf Surfacing, Inclusive Playground Equipment, Multi-Sensory Room and Calming Room. We believe that providing an inclusive environment for all children is important because as Canadians, we value our diverse communities. We believe that these communities start at school, where all students learn to live alongside peers. They learn together; they play together; they grow and are nurtured together. These improvements will make daily life easier and safer for all children; in particular children with intellectual and physical disabilities. These improvements would also benefit the many children in our community who routinely use the playground. Please join our Facebook group called "Dr. A.T. Leatherbarrow School - Inclusive Education & Play Initiative" to learn more about this exciting initiative, and to monitor our progress.

Guidance Corner

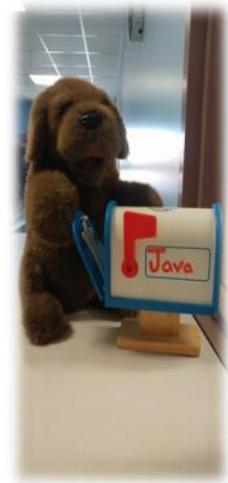

Dear DATL Families,

Java (the puppet) and I are grateful for the 4 months we had at your wonderful school. Although our time here was brief, we especially enjoyed our class visits and the abundance of mail (and interesting questions) Java received in his mailbox!

As the school year comes to a close, I'd like to thank my DATL co-workers, school administration, and families for your support. During my short time here, I've been honoured to have families and their little ones share their stories with me and trust me in a helping role. Of course the best part of the job is the children, and it's always a joy to play even a small part in their young lives.

Wishing you a terrific summer break and all the best in the future!

Take care,
Mrs. Casey & Java

Phys. Ed. Corner

Once again, our students were invited to participate in Hampton Elementary School Jump Rope for Heart Event during the week of May 14. Buddy classes were scheduled and DATL students paired up with another class at HES for one period of awesome jump rope stations in their gymnasium. Everyone did their best and represented their school in appropriate fashion! Well done! It is awesome to see former DATL students become such wonderful leaders and role models to our younger students.

Swimming Lessons— All students will receive 2–30 minute swimming lessons and a 1 hour "free swim". Costs for this program are covered by the student fees and a donation from the Hampton Community Club. Swimming permission forms have been sent home, Please mark the dates on a calendar and return the signed portions. Some mornings are very chilly at the pool and children should have warm clothing for the walk back to school. The schedule is also on Mrs. Brenton's physical education website. Volunteers are needed to assist with walking to and from the pool—let your child's home-room teacher know if you can help. Thank you!

Kids Splash and Dash—On Saturday June 9th, the 2nd annual Kids Splash and Dash event will take place at the Hampton pool. Mrs. Brenton has a few registration forms, but you can also register on line at <https://raceroster.com/events/2018/17859/hampton-kids-of-steel-splash-dash-2018>

Summer is one of the best times to be active, Visiting the Town of Hampton Leisure Services website can provide you with information about summer programs and day camps. Of course, unstructured play time and family time on any of Hampton's playgrounds, green spaces and their trails is also very beneficial.

From Mrs. Brenton to all of our Leatherbarrow families, have a fun, safe and active summer!!
