April 13, 2022

To All Grade 1 Families,

April is National Oral Health Month, and to coincide with this we are pleased to announce that every grade 1 student in ASD-S is receiving a Brushalot Tooth Fairy Kit. The kit comes complete with a storybook, stuffed toy, and nightlight.

The Brushalot products were created to help children learn about their teeth in a fun and interactive way, particularly during this stage when they begin losing their baby teeth. Brushalot was developed by two Canadian parents who wanted to share the tradition of the Tooth Fairy and motivate their own children to develop healthy dental habits.

ASD-S is very fortunate to have had these kits generously donated to us by the owner of the Brushalot company and co-author of the Brushalot story book, Ian Wilms. The kits are being distributed to all elementary schools in the next few days and will be sent home with your child.

We hope you and your child will enjoy the kit and will take this opportunity to recognize National Oral Health Month by reading the storybook together and discussing its valuable lessons about dental health. Learn more about Brushalot and their resources at www.brushalot.com.

Yours truly,

Zoë Watson
Superintendent
