

Dual Sport Form

Student athletes *MUST* inform their perspective coaches of their plan to play two sports during one season. This *MUST* be done prior to the final team selection.

The athlete must indicate on the **Declaration Form** below which sport will be their major sport and which will be their minor sport. This must be done before either season begins. Forms must be signed by the minor coach and returned to the Athletic Director for approval.

Athletes must inform the minor coach that they have committed to the major sport and are required to maintain that commitment before attending any games or practices involving the minor sport.

Consequences:

If the above criteria are not met, athletes will not be permitted to play two sports in the same season. Failure to maintain a full commitment to the declared major sport will result in the athlete's removal from both teams.

Declaration Form

I, _____ (name) declare
_____ to be my major sport and
_____ to be my minor sport in the same season.

Major Sport Coach Signature:

I am aware that _____ is playing a minor sport.

Major Coaches Signature

Minor Sport Coach Signature:

Parent Signature:

Athlete Signature:

Date Received by Athletic Director

Athletic Director Approval: _____
