

# PowerSchool Parent View

When you access the information for students for whom you have been provided IDs/Password, you will arrive at a page similar to the one below.

You will note that the left-side menu allows you to navigate to various pieces of information:

- Grades and Attendance: This is the default view, and provides current grades which have been entered, and a two-week snapshot of attendance.
  - Any blue link will take you to additional information: Clicking on current grade will provide access to all marks entered, and clicking on the number of absences for a particular course will take you a list of each absence entered.
- Grade History will provide a historical view of completed courses and credits received.
- Attendance History provides access to full-year attendance.
- My Schedule provides access to the daily schedule for your student(s).
- Class Registration provides access to the courses your student(s) requested for this school year.
- Other items on this menu are not functional at this point, but will be used as we continue to implement PowerSchool.

**NOTE: When viewing individual assignment marks, the % indicated is accurate – while the Score column grades may appear unusual. This will be rectified for assignments as we move forward. This in no way impacts overall grade calculation**
