Course description:

Outdoor Education 110 provides students opportunities to explore various outdoor activities such as camping, backpacking, hiking, canoeing, snowshoeing, orienteering, etc., in a safe and respectful manner.

Students will step outside of their comfort zones to learn first-hand the values of intelligent risk-taking, perseverance and resilience. Contributing to the development of their well-being, this outdoor education course also teaches students about themselves as it forges strong interpersonal relationships. In addition, students will gain greater insight, appreciation, concern and knowledge about the outdoor environment and the opportunities that it holds for educational, recreational and economic benefit.

This course will require participation in outdoor activities in and out of school hours, skill workshops, weekend trips, and environmental impact projects. This course emphasizes personal/social development, environmental awareness, wellness, and specific outdoor skills.

Please answer the following questions in complete sentences by typing in the space provided or by printing the form and completing it by hand. Email your completed form to Caroline.Price@nbed.nb.ca to finalize your application.

1. Name 3 current or former teachers who would comment about your class participation and attitude.

2. Why do you wish to take this course? Does it support your educational or career plans after high school?

3. Describe your interpersonal skills (do you work well with others?).

4. Describe your existing outdoor-related hobbies and/or interests.

5. What outdoor-related skills or talents will you bring to this course?

6. Describe your ability to work independently or with little supervision. Provide specific examples.

7. Describe your desire to improve the local environment and/or for getting more people outdoors.

Email your completed form to Caroline.Price@nbed.nb.ca to finalize your application.
