4. Business arising from the minutes:

A. myBlueprint update regarding course selection and university requirements:

Yes, myBlueprint helps to facilitate this process. Students are able to see the eligible pathways (programs) based on the courses they are selecting. They populate their schedule (grade 9-12) and it shows them their track to graduation but also what programs they are eligible for. Further, students can look up any institution and the program they are interested in and access the entry requirements. Students can also do side by side comparisons of requirements as they consider several options.

5. New Business:

A. Principal's Report:

- 10 Homerooms next year (1 split), numbers are down again this year
