## HRVES

Hammond River Valley Elementary School is located in the rural setting of Titusville, New Brunswick. The school was built in 1982 and opened its doors in January of 1983. Currently the school offers an English Prime and Intensive French Program. There are 182 students enrolled and the school has a capacity for 230 students. HRVES has the potential of housing 11 classrooms (currently we have 9), a large cafeteria and a library. The school also has a Sunshine Room (an activity/multi purpose room) and a Snoezelen Room (which is a multi-sensory area). The school offers a hot lunch program three days a week which offers home made meals by parent volunteers and pizza is brought into the school each Thursday. HRVES is a great place to be!

## Academics:

Assessment is ongoing throughout all subjects during the school year. Students also have opportunities to assess their own learning. However each May/June we take part in the Provincial Assessments. During the 2017 school year the Grade 2 students were assessed in Reading Comprehension. Our Assessment results for the last two years are as follows:
