

November 23, 2017

Dear Parent/Guardian,

Please find a schedule of Games and Practices for the Middle School Girls' Basketball team for 2017-2018.

Fees – there will be a \$20 players fee which helps to offset the cost of referees. Ten dollars will be returned to the players when their uniform has been collected at the end of the season.

Drives- Students are required to find their own drives to and from games. If students other than your own child (no exceptions) are driving with you, you must make sure that you have the proper forms filled out at the office prior to the first away game on December 4th. Students will not be allowed to go unless this is completed. You do not have to fill out another form if you have already done it for another sport.

Practices – players are expected to be at practice. Basketball is a team sport and we will be practicing plays where all the players on the floor will be expected to know. ***Missing practice may mean that a student does not play*** until they have a chance to actually learn the plays in a practice situation first. Being on a team is a commitment.

I am looking forward to a fun and successful season. Thanks in advance for your cooperation, help and support.

Belinda Oram
