**Right to Revoke Consent** You have the right to revoke consent at any time. Your revocation of consent must be in writing to the Principal of the school. Note that your revocation of consent would not be retroactive and would not affect uses or disclosures already made according to your prior consent.

**Notes:**

1. Students involved in performing arts, scholastic competitions or athletic activities perform or compete in public venues, including school. It is reasonable to expect that photographs or videos may be taken by spectators and the media. Once parents/ guardians or other members of the public are invited, the event becomes a public event and anyone in attendance may take photographs or videos without first obtaining consent. Visitors are reminded to be respectful of other individual's privacy, but the school is not able to control the images captured in these situations and the images may be shared by that person on social media sites.
2. Video surveillance equipment may be used in schools or buses to enhance the safety of students and staff, to protect property and to aid in the identification of intruders or other persons who may pose a risk to school community members.
3. If the form is not returned, the default answer is "no" to all the questions.
