## School Profile

Hampton High School is a comprehensive school comprised of grades 9-12. Along with a strong connection to community, we nurture the academic, emotional and physical needs of our students. By instilling a sense of pride in all we do, we create a positive learning environment where the individual needs for students are met. The opportunity for each student to meet their full potential is encouraged by the whole school community.

### Geographic Boundaries of Student Population

The Town of Hampton, as well as the Kingston Peninsula, Bloomfield, Passekeag, Lakeside, Smithtown, Titusville, Barnesville, Upham, Darlings Island, Nauwigewauk and French Village make up the school's drawing area.

## History

Hampton High School opened its doors to students in September 1992 as a grade 10-12 school of approximately 613. Prior to the school's opening, the last time high school students were educated in Hampton was at Hampton Consolidated School which closed its doors to high school students in 1975 with the opening of Kennebecasis Valley High School.

In 1996, grade 9 students from Hampton Junior High School moved to Hampton High as part of the transition to a 9-12 high school model. In 1997, grade 9 students from Macdonald Consolidated School moved to Hampton High School. With a population of 836 an addition of four classrooms was added to the building.

<b>Curriculum:</b>	Each STEM course syllabus will include a description and overview of course outcomes taken directly from the curriculum document. If there is no curriculum document, then these outcomes must be clearly stated and be a true reflection of what students are expected to have learned by the end of the course.	All course syllabi will include a course description and outcomes that match the curriculum documents. Those with no curriculum documents, will be a true reflection of what students are expected to have learned by the end of the course.	By September 2018	All members of the STEM PLC.	

<p><b>Assessment</b></p>	<p>Syllabi will include a definition of assessment (including formative and summative) as well as an explanation of how assessment will be used to support student learning. It will also include a marking breakdown and category weighting based on outcomes/themes being covered in the course.</p>	<p>Students and parents will be able to articulate the benefits and differences between formative and summative assessment.</p> <p>Category weighting, as indicated on the syllabus, will be available to both students and parents on Power School (live).</p>	<p>By September 2018</p>	<p>All members of the STEM PLC.</p>	
<p><b>Data Collection</b></p>	<p>Ongoing evidence will be collected through conversations, observations, and products.</p>	<p>Data collected will be used to inform teaching both for individual students as well as groups of students. Teachers will be able to speak to the individual strengths and weaknesses of students and have a plan for how to address these weaknesses.</p>	<p>Ongoing</p>	<p>All members of the STEM PLC.</p>	

**PLC- Fine Arts, Trades/ Technology and Wellness**

**SMART Goal:** 1) Promote all STTE, HPE and Fine Arts courses to HHS Students; 2) Gather evidence of student learning through a variety of Balanced Assessments and use this information to further instructional decisions and effectively assess student comprehension.

<b>PIP Objective #__1,6,7__</b>		<b>DIP Ends Policy #_1</b>			
---------------------------------	--	----------------------------	--	--	--

**Performance Target:** By June 2020, The Fine Arts, STTE and Wellness PLC will continue to demonstrate course options to students, promote program growth and student success through a variety of balanced assessment methods. Students will continue to receive opportunities for conferencing, self-reflection and career exploration. Students will continue to feel a sense of mental fitness and belonging in a safe and inclusive learning environment (DIP 1; Links to objectives 1, 6 and 7 of the 10 year plan).
