## GENERAL PERMISSION SLIP 2022-2023

During the school year students may leave the property for special events such as community walks, short excursions in the neighborhood and year end activities. Teachers will notify you when such an outing is planned. To facilitate these, we require your permission so that permission does not have to be sought each time.

I give my child permission to participate in routine outings as described above during the 2022-2023 school year. I understand that my child's teacher will inform me when such an outing is planned, and that adequate supervision will be available.
