May 8th – May 12th

Pride – Effort - Success

Did you Know?

At PES we are working towards creating a GSA. A student-run club, typically in a high school or middle school, which provides a safe place for students to meet, support each other, talk about issues related to sexual orientation and gender identity and expression, and work to end homophobia and transphobia.

There are three typical functions of a GSA club: provide support, build community, and take action to create change.

Community Schools News

Mrs. Doyle has accepted a new position in Moncton as her family relocated to Moncton. We've been able to hire a new community schools coordinator and she will be starting on May 1st. Please welcome Katherine Miller to the Panther Family. We are looking forward to working with Katherine and excited to get to know her. Katherine comes to us most recently as a coordinator at the Crescent Valley Resource Center.
