Dear ASD-S Families,

**Re:** Campbellton (Zone 5) Health Region Restrictions

Today, the Campbellton region return to the Yellow phase of recovery. For our staff and students, this means a lessening in requirements for those who have travelled to the Campbellton region.

Individuals who have travelled to the Campbellton region are no longer required to follow elevated safety guidance and mask use upon their return. Our Yellow zone requirements are still in place for all students:

- Students should have 2 clean masks with them every day
- Students in K-5 should wear masks in common areas when they are outside of their class bubbles inside the building (e.g. going to the washroom, visiting the resource teacher, etc.)
- Students in grades 6-12 must use masks in common areas outside of their classes, such as in the hallways, lockers, lobbies, and stairwells.
- Students should also have masks on as they approach and board the school buses.
- Students in grades 6-12 must wear masks on the bus.
- Students in grades 9-12 will practice physical distancing inside and outside of the school, keeping 1 metre apart in the classroom and 2 metres apart elsewhere.

Please see the [GNB website](#) for the latest and most up-to-date COVID-19 information.

Families are asked to remind students about frequent hand washing/sanitizing; proper cough/sneeze etiquette; physical distancing; bringing two clean face masks each day; and monitoring for symptoms. If you have symptoms, you can visit [this site](#) to do a self-assessment and book a COVID-19 test.

Thank you for your continued understanding as we work together to follow the safety guidelines provided to us by Public Health and EECD.

Zoë Watson,  
Superintendent
