

A decorative border of pencils surrounds the text. The pencils are arranged in a slightly curved path, pointing towards the center of the page. They are black and white line drawings of standard pencils.

## Grades 1-2 Supplies

For supplies this year we will be doing things a little differently. K's will have their regular school list, but Grade 1 and Grade 2 have amassed a significant number of pencils, erasers, glue and scissors that we are overflowing still at the end of the year. I have spoken to many of you to gain your opinion and the consensus is that you would prefer to buy one selected need rather than a bunch of extra supplies. We would like each student to provide:

- 4 Dry erase markers in black
- 2 black permanent markers
- One old sock for erasing
- One pencil box IF your child's is not in good shape (I will let you know if this is needed).
- Two boxes of tissues/Kleenex
- One Art shirt (large and covered is the goal!)

Grade 1 and Two students will have a suggested class supply to provide with a reasonable price tag, \$5 or so.

These things could be simple things like magnets for the board, stickers, baby wipes, glue gun sticks...etc. These also would not be needed necessarily at the first of the year. I'm aware school start up can be expensive for little ones and I want to respect your family's needs.

Thanks,  
Ms. K
