School Bus Safety Week

October 18th - 22nd is School Bus Safety Week.

School bus safety tips:

For students:

- Arrive on time and stand away from the roadway while waiting for the school bus.
- Wait until the bus comes to a complete stop and for the driver's signal before moving to board.
- Always walk outside of the Danger Zones – areas within three metres to the front, two metres to the sides and anywhere to the back of the bus – so the driver can see you.
- If you drop something near the bus, never bend down or crawl under the bus to get it – ask your driver for help.
- Pay attention. Listen and look both ways before stepping off the bus and wait for the bus driver's signal if crossing the street.

For motorists:

- Never pass a school bus when its red stop lights are flashing.
- Stop at least two car lengths in front and behind a school bus that has its red lights flashing and the stop arm extended.
- Remain stopped until the overhead red lights have stopped flashing and the bus begins to move.
- When meeting a school bus in oncoming traffic, stop far enough away to allow students to cross the road well ahead of the bus bumper.
- Be extra vigilant driving around school hours; assume a child might run out at any moment. Be courteous to school buses; give the buses room; and let the bus drivers change lanes when they need to do so.

Our Mission is that we will work collaboratively to ensure every child in our care becomes a lifelong learner prepared for academic and social success.
