GIVE ME 5

Be respectful

Be responsible

Be there be ready

Follow directions

And please keep your hands

and feet to self!

W.J.T.S Blitz!!!!!!

Fairness doesn't mean equal

Allow others to give their opinion

It is fair to take turns

Remember to play by the rules

No one should try to be unfair

Everyone should have the directions
before they start

Shh! You need to be quiet to listen to
others

Slices of pie need should be the same

FAMILY CORNER

This is a new addition to our monthly newsletter. You will find here many different ideas to strengthen your family bond.

- Eat dinner as a family as much as possible.
- Go on family road trips

- Try to help your parents with chores around the house such as:
 - Making your bed
 - Feeding a pet
 - Put away laundry
 - Clean your room

FEBUARY NEWSLETTER

"Before you act, listen.
Before you react, think.
Before you spend, earn.
Before you criticize, wait.
Before you pray, forgive.
Before you quit, try."

Ernest Hemingway

Drawing Contest

This month we will be having a drawing contest. It is based on Valentines Day. Please give your drawing to your teacher and

JOKES

Q: Why did the picture go to jail?

A: Because it was framed!

Q: What part of the car is laziest?

A: The wheels because they are always tired!

Q: Why do bicycles fall over?

A: They're too tired !

FUN FACTS

- Elephants are the only mammals that can't jump.
- Starfish don't have brains.
- "I am" is the shortest sentence in the English language.
- Men can read smaller print than women and women can hear

OUR PUMPKIN

In October, Mrs. Charron found a big pumpkin at the Save Easy. We kept it in our class and studied it. We observed its shape and colour, its size and stem. Halloween Day we carved our pumpkin. We gave him triangular eyes, a circle nose, and a big smile with square teeth. We took out all of the pulp. It was wet and gooey with a yellow colour. We found a lot of seeds!!!! We used ten frames to help us count them. We counted 504 seeds!!! That's a lot of counting. We decided to put our pumpkin outside to decompose and feed other plants. We put it in the forest in a safe place. We have been going to visit our pumpkin and observe the changes. On November 22nd our pumpkin had fuzzy black mold on one side and the stem and cover had fallen through. On December 14th, we were surprised that our pumpkin was very flat. It looks squished. On January 17th snow had covered our pumpkin. All we could see was a little bit of orange peeking out of the snow. Abigail notice something on the snow, on top of a big rock. It was a tiny piece of orange pumpkin peel. Who did it? Was it a squirrel? A bear? We will go visit our pumpkin in February. What will we see next time?
