The Mysterious Guest

BY 2 DAKAI

Ssssssss.... What's that sound? It was late at night. The janitor had just finished cleaning room P203, the window was left open. Suddenly in slithered a hissing snake. It coiled up like an ice cream swirl in Emma's desk.

The next morning, the students stormed in from the teeth chattering cold. Emma reached into her desk for a new sharp pencil..... she pulled out a long hissing, angry snake. The entire class screamed louder than a rocket blasting off into space.

Snake expert Rowan paralysed the snake by pinching it's squishy neck. Rowan raced to the open window, chucked the snake and saved the day!
