
BOBCAT GAZETTE

If you want to join the bobcat gazette please go to the grade 6 computer lab during asap

joke of the week: why can't pony's sing?

monday	girls volleyball tournament
tuesday	
wednesday	.
thursday	
friday	twins day

Did you know?

Did you know that it is actually illegal to feed pigeons on the sidewalks and streets of San Francisco? Sure, it may be ok in other cities but not there! they want their flying friends to not harm their neighbor hoods and if fed they would terrorize for more bread or other foods that pigeons may get fed by humans on the streets.

prowl

The prowl of the week is in the library.

P. Prepared. Being prepared in the library is returning a book on time.

R. Respectful. Working quietly and sit in the chairs.

O. Ownership. Use Book sign out when borrowing a book.

W. Wellness. Try to read every day during your free time.

L. Leadership. Set a good example for the other students in the library.

grade 6

Students in Grade 6 are currently working on their projects about our local river called the St. Croix river (named Skutik by the Indigenous peoples of this area, the Passamaquoddy).

The students are interviewing people who have a connection with the river, such as Indigenous peoples or people who work close to our St. Croix. Once they gain their information as a whole, they will incorporate it into a project.

grade 7

On Monday there will be a girls' volleyball tournament. The girls have been working extremely hard to get to where they are today, and they deserve to have many people watching them as they hopefully win this tournament. Keep up the hard work grade 7 girls' volleyball. Also, in grade seven many students are continuing with argumentative writing. Grade 7 is also doing an inferencing assessment.

grade 8

Quite a few Grade 8s have a free week coming up, after finishing their provincial assessments. Most students don't have a major project they are working on, and after the track and field events on Wednesday, they don't have any sports events either. Hopefully the Grade 8s will have a good, relaxing next week and are ready for whatever June throws at them.

around town

The farmer's market is where people set up tables and sell different types of things. The farmers' market goes on every Thursday in Saint Andrews and every Friday in Saint Stephen. They sell very creative and challenging pieces of artwork and woodwork, clothing, dog bowls, etc. It also contains food and lemonade and other varieties of drinks. In Saint Stephen the farmers market is located at 163 King Street, and in Saint Andrews it's located at Market Square, King and Water Street. The hours of operation for both locations is 8:30 am to 1:00 pm. The farmer's market is open from May to September. Every week they also sell Tupperware, for example water bottles and containers.

argument

Argument means two or more people are not agreeing or getting along. Arguments can happen anywhere at school, home or out in public. Sometimes arguments can ruin relationships or friendships. Some arguments can be solved. A lot of times when people argue they decide how to make it up. For example two best friends went to a pizza place they couldn't decide what toppings, so they got one half of the pizza with their toppings and the other got their toppings.

Mr. Conception

Mr. C is the fun music teacher who likes to joke around. Mr. C said “I kind of just backed into teaching” he also said “I first worked full time at a church” then he switched jobs and went into supply teaching. When he started teaching and not supplying, he was around 40 years old. He first came to SSMS in 2006 as a supply teacher but in 2020-21 he stopped supplying and started teaching full time. His favorite subject to teach is music and we all know he has an ear for music, but in his own words he said, “If I could I would teach history.”

Answer to the joke of the week: because they are a little horse
