joke of the week: what do cows like to do on a
friday night

prowl

In the theater listen to be respectful and walk in with your homeroom, if you need a drink or use the restroom respectfully raise your hand or walk up to the nearest teacher if there is no one speaking on the stage. When the speaker is talking don't talk to the person beside you, especially the person behind you or in front of you. When leaving the theater, make sure you get dismissed by a teacher and walk out with your homeroom class. When preparing to go to the theater, leave everything in your locker or classroom. No pencils, water bottles, and no phones.

Mrs.Nozzolio

This week's teacher of the week is Mrs. Nozzolio. She is a 6-grade teacher who teaches math and language arts. She started teaching in 2009 and started teaching full time at Vincent Massie in St. Andrews, NB as a Physical Ed teacher. Her favorite subjects to teach are math and language arts and science, If she could she would like to teach about technology and a little bit of art her favorite grade to teach is grade 6.

stress

The word of the week this week is stressed. What does stress mean? Stressed to be experiencing mental or emotional strain or tension. Many people are stressed throughout the day so here on the bobcat gazette team we wanted to give you a few ideas on how to help you not to be stressed especially with the end of the year approaching fast many students may be stressed about end of year tests or even about moving on to the next grade. Here are six ways to help not be stressed:

1. Engage in self-relaxation.
2. Take breaks when needed.
3. Seek out social support.
4. Connect with others socially.
5. Maintain a normal routine.
6. Give back to others.

fun fact

Did you know that a crocodile cannot stick its tongue out? Crocs have a membrane that holds their tongue in place on the roof of their mouth so it doesn't move. This makes it impossible for them to stick it outside of their narrow mouths, according to the BBC. That can be handy for the reptile when snapping its jaws shut rapidly. It wouldn't want to accidentally snap its own tongue off when eating prey. The quirk is in Nile crocodiles, American crocodiles, dwarf crocodiles, and mugger crocs.

around town

Michael's food truck preview. Michaels on main in Ontario, is opening this summer. They will be here sometimes. Other times in Fredericton, but they will stand out! The truck is very large and red with a black cab and used to be a U-Haul, so there is an overhang above the cab. It is a family-owned business and the owner is British! In fact, last Sunday they made fish and chips for the Elmsville hall before it was cut short because the forest fire's smoke was getting too close they will also cater parties and weddings but the base amount of money is \$500 so they can still make money.

Michael's Food Truck
