## Lesson 6 - Dog

1

Start with a circle and oval like this.

2

Add eyes on this line.

3

Add an oval for a nose and the letter U twice for a smile.

4

Another letter U makes a great dog tongue!

5

Ovals make great ears.

6

Two circles drawn like this start the body.  
(Draw the circle closest to the head so that that it is behind the tongue like this.)  
That's right - the technique is OVERLAPPING.

7

Connect the two circles with curved lines.  
Add a line to show where the neck goes.

8

Add legs with slightly curved lines for legs and ovals for feet.

9

Add legs with slightly curved lines for legs and ovals for feet and you're done with the pencil drawing.

10

Add a background and props to finish the scene. Trace the lines you want to keep with a black felt tip or ball point pen and then erase ALL of the pencil lines. step is up to you. Color your dog with colored pencil, marker or crayons for a classy finish!

## Lesson 7 - Cat

### Step 1

We'll draw the head first.

Draw a circle about the size of a quarter **LIGHTLY** in pencil.  
Next, draw an oval lightly overlapping the circle like this.

### Step 2

Draw two eyes (ovals with dots in them for pupils) and rest them on the line going through the circle. Next, add a triangle under the eyes.

### Step 3

Draw the letter U three times for the mouth. Draw marks at the end of the mouth for smile lines.

## Step 4

Draw some teeth, ears, and the neck like this.

## Step 5

Next, draw the body with 2 circles linked with curved lines.

## Step 6

Add the legs and tail next. Use curved lines for a loose feel.

## Step 7

Scribble in some hair, add details like whiskers, toes, and toenails.

## Step 8

Trace the lines you want to keep with a black felt-tip pen and then erase ALL of the pencil lines. You can add a background and other characters too.

Now it's ready for coloring. Crayons or colored pencil work GREAT! If you drew the cat with a water soluble felt tip pen, water color or markers may cause the ink to run. At any rate, be creative and *HAVE FUN!*
