Policy 409:
6.7 Grade Reconfiguration

Prince Charles School

6.7.1

- ▶ *The duty to consult is less for grade reconfigurations than for school sustainability studies and so, the timeframe for consultation can be much shorter, based on the DEC's discretion. However, the DEC must still demonstrate that the process was consistent with the principles of procedural fairness when they inform the Minister of the proposed grade reconfiguration.*

6.7.2

- ▶ *The DEC will advise the Minister in writing when the school district intends to reconfigure grades and will then consult parents on the proposal.*

6.7.3

- ▶ *After consultation, the DEC will inform the Minister of the school district's final decision on the grade reconfiguration.*

6.7.4

- ▶ *Once the Minister has been officially informed of a reconfiguration , the superintendent shall inform parents of the relocation of students. Sufficient notice must be provided to permit relocated students and their families to participate fully in the programs and activities offered in the new school.*

Anglophone South School District (ASD-S)

Multi-year infrastructure planning

▶ Quick Facts:

▶ ASD-S runs from Sussex Corner to Campobello Island

▶ **Three Education Centres:**

▶ St. Stephen Ed. Centre (SSEC) – 15 schools

▶ Saint John Ed. Centre (SJEC) – 32 schools

▶ Hampton Ed. Centre (HEC) – 25 schools

▶ \$214 million budget, 3400 permanent employees

▶ Major challenges:

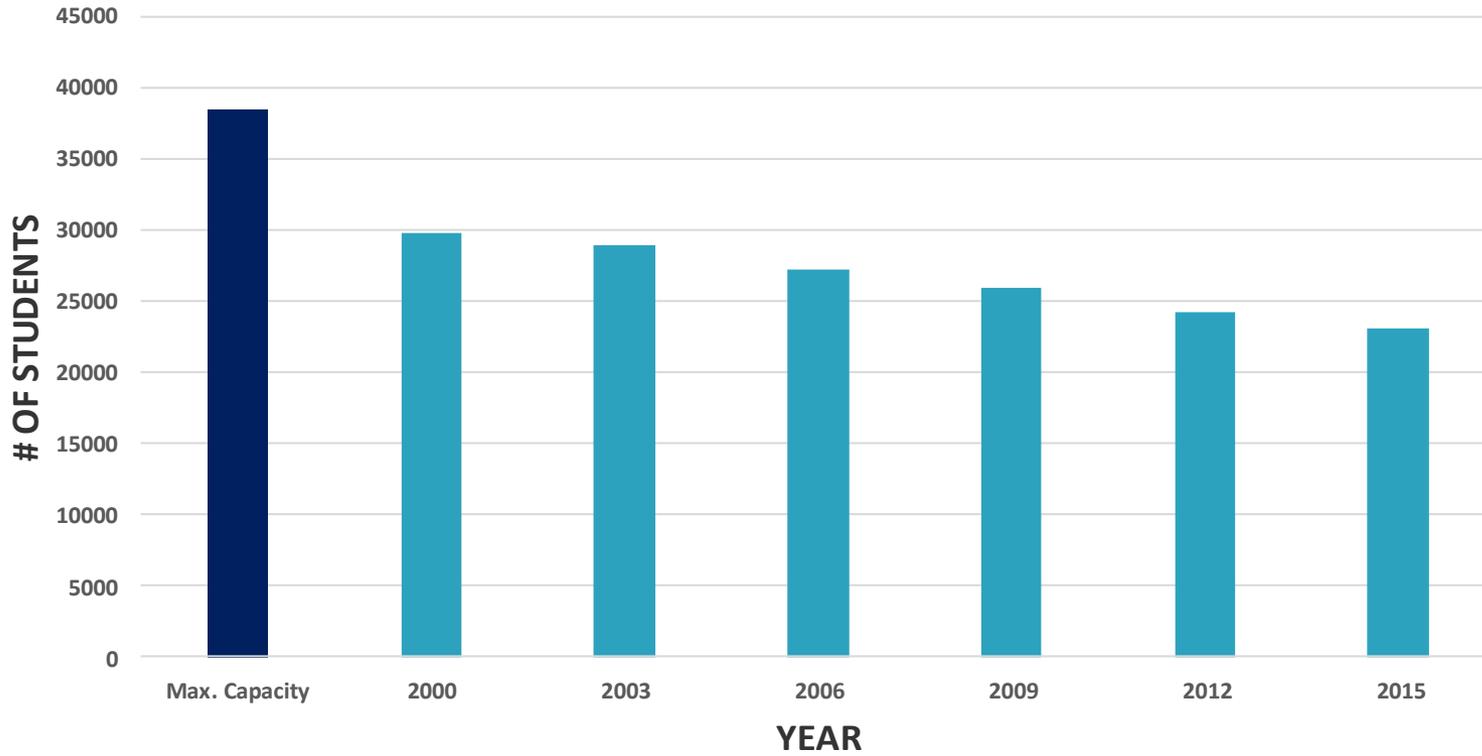

▶ Fiscal reality – tighter budgets

▶ Aging infrastructure 46–58 avg. yrs. of age depending on Centre

▶ Declining enrolment

Central Saint John Schools

Multi-year Infrastructure Planning

- ▶ DEC requested review of 7 schools in central Saint John
- ▶ The Dept. of EECD provided the funding
- ▶ Ernst and Young (E&Y) was commissioned
- ▶ The following schools were visited by E&Y and District staff in Fall 2015:
 - ▶ Millidgeville North (3-8)
 - ▶ Centennial (K-5)
 - ▶ Hazen White/St. Francis (K-8)
 - ▶ M. Gerald Teed Memorial (K-2)
 - ▶ St. John The Baptist/King Edward (K-8)
 - ▶ Prince Charles (K-8)
 - ▶ Princess Elizabeth (K-8)

Central Saint John Schools

Multi-year Infrastructure Planning

District Education Council Planning Guidelines:

- ▶ Examine potential of grade reconfiguration to K-5 & 6-8.
- ▶ Goal is for reconfigured K-5 to have approximately 400 students.
- ▶ Vacate leased facilities if possible (St. John The Baptist/King Edward and Hazen White/St. Francis).
- ▶ Reconfiguration to provide full Middle School program.
- ▶ Provide spaces for Early Childhood facilities.
- ▶ Diverse groups of students in each school – continued community partnerships.
- ▶ Schools require green space & sufficient parking for staff.

▶ Maximum and Functional Capacity:

School	Max. Capacity	Functional Capacity
Centennial (K-5)	318	69.20%
Hazen White St Francis (K-8)	432	33.60%
M. Gerald Teed Memorial (K-2)	336	57.10%
Millidgeville North (3-8)	1058	39.70%
Princess Elizabeth (K-8)	547	81.50%
Prince Charles (K-8)	439	36.70%
St John Baptist/King Edward (K-8)	453	51.70%
TOTAL	3583	50.70%

Note: Max. Capacity is each available classroom filled to max. number of students allowed, Functional Capacity is current enrolment divided by max. capacity, 85% is recommended value.

► Condition of Buildings:

School	FCI*	Rated Condition
Centennial School	0.12	Poor
Hazen-White/St. Francis School	0.11	Poor
Prince Charles School	0.05	Fair
Princess Elizabeth School	0.06	Fair
St. John the Baptist/King Edward School	0.05	Fair
Millidgeville North School	0.004	Good
M. Gerald Teed Memorial School	0.03	Good
Overall Average School Condition	0.06	Fair

Note: Facility Condition Index (FCI) is a measure for Facility Planners to equate the amount of deferred maintenance to the space of a building for comparison. A rating of *Poor* or *Fair* does not mean a building is unsafe or unfit for use. Older buildings often have more deferred maintenance than newer buildings. (e.g. the deferred maintenance can require upgrades to modern heating, ventilation and control systems that did not exist when the building was constructed).

Ernst & Young Recommendations:

- ▶ 1) Build a new 6-8 middle school (600 students) for central Saint John.
- ▶ 2) Millidgeville North becomes a K-5 school with Early French Immersion.
- ▶ Option 1: M. Gerald Teed Memorial could be amalgamated into Millidgeville North - M. Gerald Teed Memorial is closed.
- ▶ Option 2: Centennial could be amalgamated into Millidgeville North if boundaries are looked at - Centennial is closed.
- ▶ Option 3: M. Gerald Teed Memorial and Centennial are closed with a new K-5 school in central/north area.

Ernst & Young Recommendations:

- ▶ 3) Prince Charles School becomes a K-5 school.
- ▶ Amalgamate St. John the Baptist/King Edward School into Prince Charles School - St. John the Baptist/King Edward is closed.
- ▶ 4) Princess Elizabeth School becomes a K-5 school with Early French Immersion. An addition would be required pending a structural review of the building. A new facility may be required.
- ▶ Amalgamate Hazen-White/St. Francis School into Princess Elizabeth School - Hazen White/St. Francis is closed.

- ▶ Middle School numbers are very low:
 - ▶ Hazen White/St. Francis 35
 - ▶ Prince Charles 39
 - ▶ Saint John The Baptist/King Edward 48
 - ▶ Millidgeville North 125 English, 75 EFl
 - ▶ Princess Elizabeth 118 English, 100 Late Fl
 - ▶ Total 365 English, 175 French

Recommendation To Build New Middle School

- ▶ Currently no middle schools (6-8) within central Saint John.
- ▶ Many schools are configured as K-8, with a small middle school population.
- ▶ Based on Sept. 30, 2015 enrolment, there are 540 middle school students within the central city schools.
- ▶ 540 students is an acceptable sized school based on EECD Planning Guidelines that notes middle schools generally will not exceed 700 students.

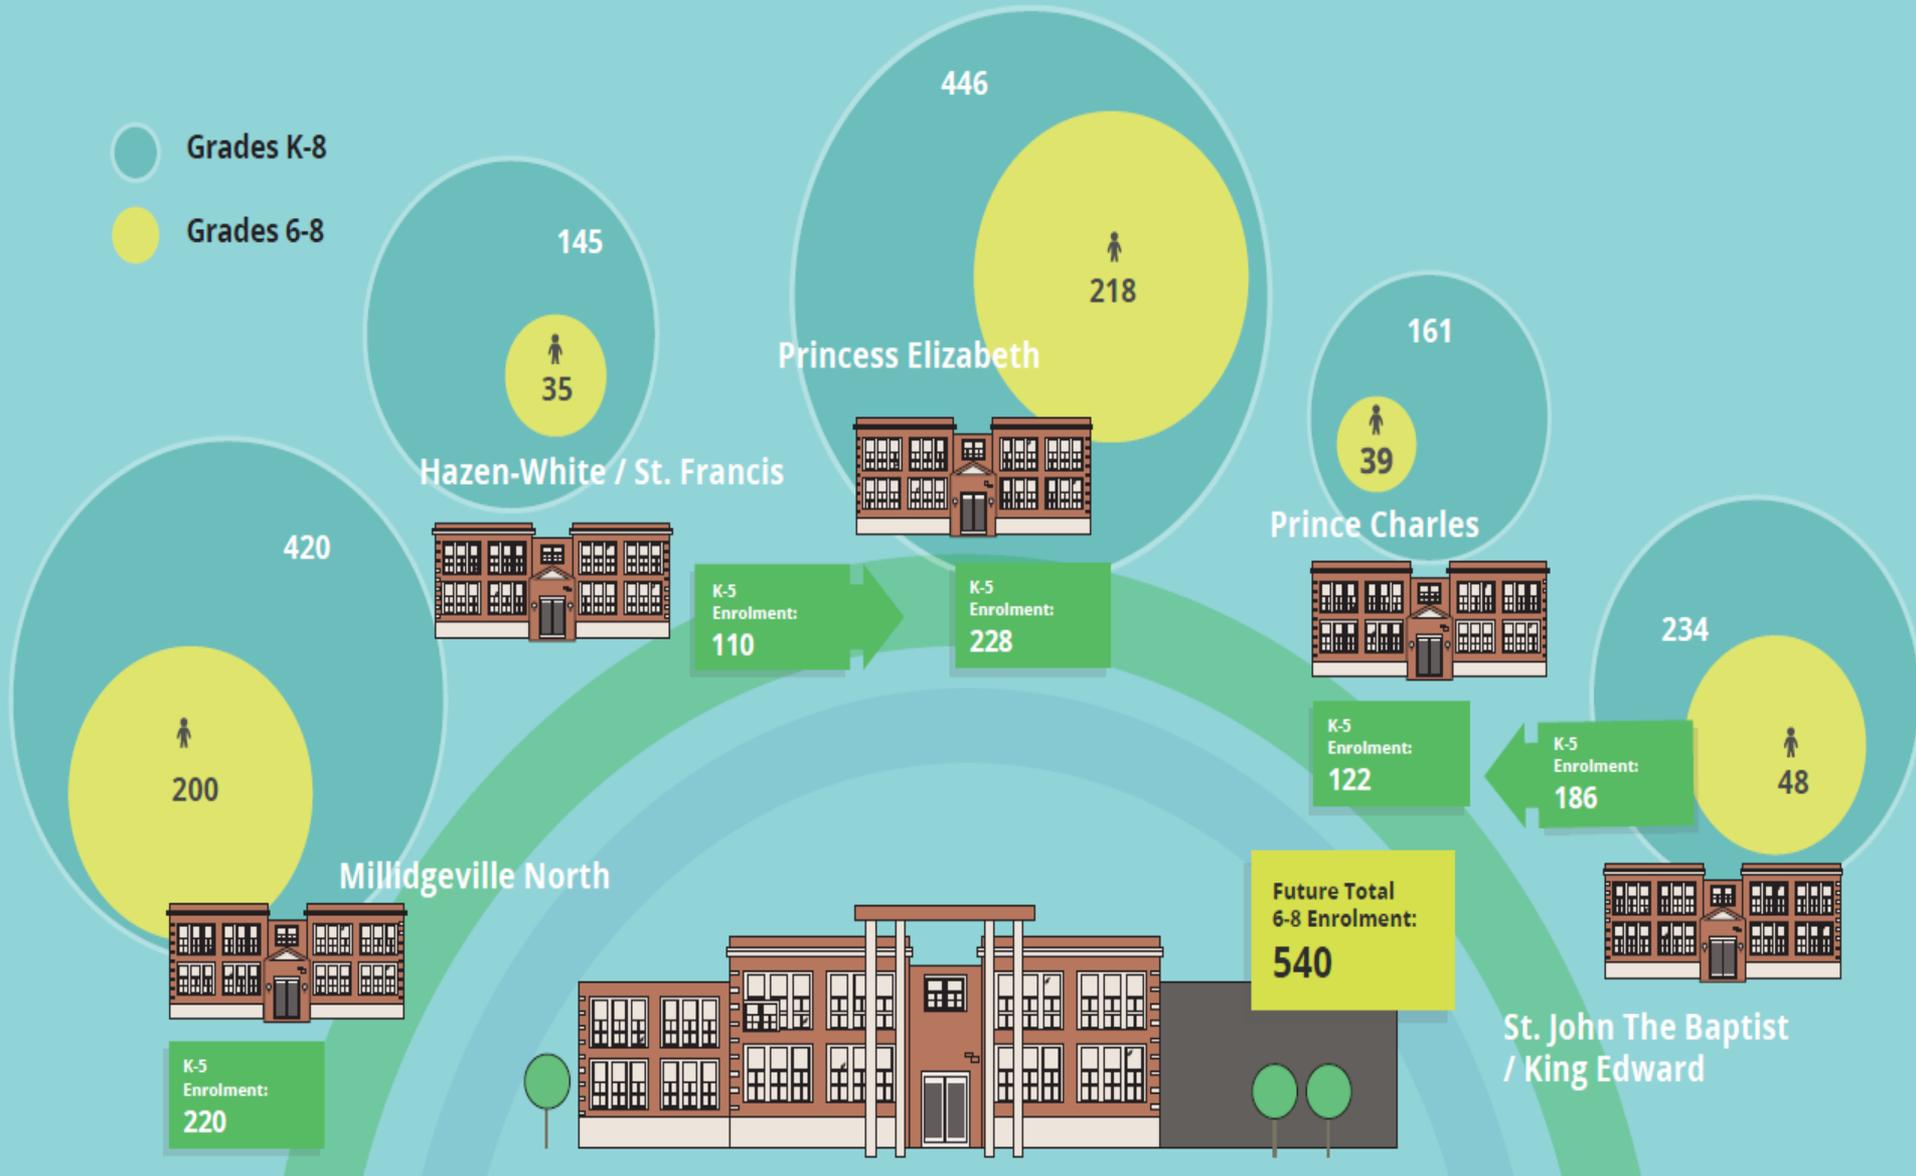

Recommendation To Build New Middle School

- ▶ Millidgeville North has the space available to reconfigure the school to become the central city middle school; however, the nearest school (M. Gerald Teed Memorial) does not have space to accommodate another 220 K-5 students.
- ▶ If Princess Elizabeth were to be reconfigured to the central city middle school, Hazen-White/St. Francis and Centennial Schools would not have sufficient space for the additional 228 K-5 students.
- ▶ Recommend a new 600 student 6-8 middle school for the central city if the grade reconfiguration of K-5 and 6-8 is implemented.
- ▶ This would create a mixed community school, which is a noted important criteria for the District.

Capital Planning: Inner City Saint John

Recommended New Middle School: Projected Future Enrolment

- Grades K-8
- Grades 6-8

Recommendation To Build New Middle School

- ▶ The new school design would have 24 classrooms based on an even distribution of 200 students per grade.
- ▶ The 10-year projected utilization for the new 6-8 school with 577 students is 84%.
- ▶ Construction cost estimate of \$24.6M to \$25.6M, depending on the cost of the land and site chosen.
- ▶ Total size of the school is estimated to be approximately 8,778 m².
- ▶ Based on logistics for student busing, locating the school in the central area of the city would be most ideal; however, finding a site with sufficient available land that is suitable for construction of a new school is often a challenge within a city.
- ▶ The Planning Guidelines for Educational Facilities recommends a site size of 24 acres for a middle school of 600 students.

Recommendation To Build New Middle School

What is a Middle School Program?

- ▶ Sense of ownership in the school. Students feeling connected to their school is important. Student voice is heard and respected.
- ▶ High degree of participation in school wide and school system wide activities, including sports, clubs built on student interests, drama, music, chess, coding, science, Heritage Fairs, etc.
- ▶ Middle school students are growing and changing during these transition years between childhood and full adolescence.
- ▶ Rigorous academic expectations for all students.
- ▶ Challenging integrated and exploratory curriculum. Interdisciplinary teaching teams. Professional Learning Communities. Teachers working together.
- ▶ Varied teaching approaches, goal setting, projects, portfolios, teacher teams, self assessment, demonstrating learning, community projects.

Prince Charles to K - 5 School

Amalgamate St. John The Baptist/King Edward

- ▶ Prince Charles School has 122 K-5 students, and St. John The Baptist/King Edward school has 186 K-5 students.
- ▶ According to EECD Planning Guidelines for Educational Facilities, elementary schools with fewer than 200 students are considered small.
- ▶ Prince Charles K-5 School may become a trigger school by the Department based on utilization (27%).
- ▶ An amalgamated K-5 school of 308 students conforms to the District's preferred maximum capacity of 400 students for K-5 schools in central Saint John.

Prince Charles to K - 5 School

Amalgamate St. John The Baptist/King Edward

- ▶ The close proximity of Prince Charles and St. John The Baptist/King Edward schools represents an opportunity for possible amalgamation within the south area after a grade reconfiguration from K-8 to K-5.
- ▶ The preference of the District is to be in schools that are owned by the province.
- ▶ St. John The Baptist/King Edward School consists of two sections, with the Diocese owning St. John The Baptist and the province owning King Edward.
- ▶ Prince Charles School is 850 metres (approximately a 3 minute drive) from St. John The Baptist/King Edward School.

Prince Charles to K - 5 School

Amalgamate St. John The Baptist/King Edward

- ▶ There are 13 classrooms at Prince Charles School.
- ▶ Potential to add three additional classrooms in the Middle School Technology Education space for a total of 230 m² (once reconfigured to K-5) and one class in the Art Room.
- ▶ Projections for the K-5 enrolment for both schools combined indicate the peak enrolment will be 314 students, requiring an estimated 16-17 classrooms.

Prince Charles to K - 5 School

Amalgamate St. John The Baptist/King Edward

- ▶ Class “D” renovation cost estimate of \$1.5M for Prince Charles School to amalgamate with St. John The Baptist/King Edward School.
- ▶ Estimate includes performing all of the school’s \$650k of deferred maintenance and penalty for terminating lease with the Diocese for St. John The Baptist/King Edward.
- ▶ Deferred maintenance items include ventilation upgrade and washroom renovations.

Prince Charles to K - 5 School

Amalgamate St. John The Baptist/King Edward

- ▶ There were some electrical modifications required at St. John The Baptist/King Edward School when the donated kitchen equipment was installed. Plan would be to move the equipment to Prince Charles
- ▶ As there is no space for an addition at the school, it may require rental space in the south area for specialty services, such as the Early Learning Centre.
- ▶ Parking space would have to be expanded behind and to the side of the school.

Thank You for Attending!
