

COVID-19 Case on Bus 269

- Your child has been identified as a close contact of someone who tested positive at school.
- The last date they may have had contact with the virus was on **the mornings of November 29 & 30th, 2021**.
- Rapid point of care testing (POCT) will get your child back in school faster. Watch a sample rapid POCT video at: www.gnb.ca/pointofcaretesting. (*Rapid test product may differ.*)
- **Public Health will NOT be contacting you by phone. These are the steps you or your child must take based on their vaccination status.**
- Individuals who have already had COVID-19 and have completed their isolation period will continue to test positive even though they are no longer infectious. These individuals are not required to test or isolate for 90 days after the date of their positive test if they provide proof of having a positive PCR COVID-19 test result.

COVID-19 Vaccine 	Child is not vaccinated or PARTIALLY vaccinated	Child is FULLY vaccinated
Testing: 	<ul style="list-style-type: none"> • Child does a rapid test at home as soon as test is received • Do a second test the next morning. • Rapid test every morning until December 15th, 2021 • If rapid test result is positive or if one symptom develops, isolate and book a COVID-19 PCR test online immediately. If you do not have access to a computer or need help, call 811. • In the Patient Profile, select “School- Student or Staff”. Indicate that your child had a positive rapid POCT result or developed symptoms. 	<ul style="list-style-type: none"> • No testing required if there are no symptoms. • If one symptom develops, isolate and book a COVID-19 PCR test online immediately. If you do not have access to a computer or need help, call 811.
Isolate for: 	<ul style="list-style-type: none"> • Self-isolate until your child has 2 negative rapid test results • Return to school and regular activities, do not visit long term care facilities • Self-monitor until December 14th at 11:59 p.m. • If rapid test result is positive or if one symptom develops, isolate and book a COVID-19 PCR test online immediately. <p>Those who choose not to participate in the daily rapid testing program must stay home and self-isolate for 14 Days after last contact date. Isolation ends at December 14th at 11:59 p.m. after getting a negative Day 10 PCR test result. You must book a COVID-19 PCR test online for day 10 of isolation December 10th.</p>	<ul style="list-style-type: none"> • Self-isolation not required, unless told to by Public Health. • Self-monitoring until December 14th at 11:59 p.m. • If one symptom develops, isolate and book a COVID-19 PCR test online immediately.

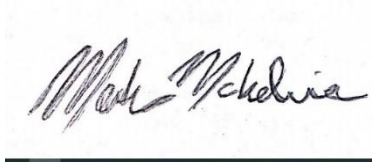

COVID-19 Case on Bus 269

How To Self-Isolate:

- Stay home and avoid contact with other household members (especially those who are not vaccinated).
- Wash hands often and wear a mask if you briefly need to share a common space.
- Other household members may go to work, school, etc. If anyone in the household starts showing symptoms, they should isolate and get tested for COVID-19.

If you have any questions, please leave a message at **1-833-901-1963**, Option 3; or email us at EECD/EDPE-COVID19@gnb.ca

This order has been given to you by Public Health under the authority of the Public Health Act and is required to be followed.
