

This week in Grade 3

Mar. 26th - March 30th

Our words of the week:

1. favourite
2. discover
3. don't
4. before
5. impossible

Every Friday we will have a spelling test on these words. Please practice these words every night at home so your child knows how to spell them and read them in a "snap".

Literacy: This week we will be looking at the digraphs ng/nk and ew/le. Please ensure your child is reading at home or is being read to. This will only help your child in the end.

Writing: Independent, marked pieces will be coming home this week. Our next unit will be on procedural writing.

Math: This week we will be completing a SWYK on 3-digit addition and subtraction. Students will be starting to learn multiplication to 5.

Reminders:

Tues. Mar. 27th - PL Day (No School)

Fri. Mar. 30th - Good Friday (No School)

It is so important that students return their communications bag daily. Many students have either lost or misplaced their communication bags which stops many items from going home. Please let me know if a child's communication bag is lost and it will be replaced. Thank you.
