

This Week in Grade $\frac{3}{4}$ - April 3rd-7th

Words of the Week:

vacation, trouble, two, recycle, question

Please practice these each evening as we have a spelling test on them Friday. Students should be able to read and spell them in a snap!

Math: We are finished our addition and subtraction unit, woohoo! They all worked so hard and have a great understanding of the concepts. This week we are going to begin our multiplication unit, I know a lot of students are excited for this one! To begin, we will be looking at repeated addition and skip counting and relating it to multiplication.

Please continue to practice our previous math outcomes through IXL math.

Literacy: We will continue to discuss 'Million \$ Words' and how we need to include these words in our writing to make it more descriptive for the reader. We are introducing the spelling rule 'i before e, except after c' and reviewing the use of commas in lists and in dates.

Writing:

This week we are completing a new independent writing piece. From this piece we will be setting new writing goals by self-assessing our writing and asking friends to give us their opinion as well.

Reminders:

- April 3rd - Report Cards go home
- April 6th - Jump Rope for Heart Presentation
- April 10th - No School - Student Led Conferences
- April 14th - No School - Good
- Friday April 17th - No school - Easter Monday

Homework: Students are to complete the math sheet sent home today which has them practicing basic multiplication concepts. This sheet will be due Thursday.

Please contact me with any questions: Hilary.waterhouse@nbed.nb.ca or call the school: 453-5402
