

This Week in Grade 5

January 22-26

It is hard to believe that this is our last full week of the Intensive French Curriculum! Time flies when you are having fun! After this week, students will still receive 150 minutes of French per week. Look for our new classroom schedule that will be sent home on Monday, February 5th. Here's a look at what's happening this week.

Important Dates:

Monday, February 5 - English Block Begins!

Tuesday, February 6 & Monday, February 26 - We will be going skating on these dates. If your child does not have a pair of skates to use, please contact me as soon as possible with their size.

Our Learning Goals:

- Français (Hobbies and Sports): This week we will starting our new unit on sports and hobbies. Our goal this week is to describe what we like to do in our free time.
- Math (Multiplication and Division): This week we will be reviewing two digit by one digit numbers ad learning how to multiply two digit by two digit numbers. www.ixl.com has wonderful practice for this strategy under the Grade 5 tab.

Homework:

- Reading Log (due Friday)
- Multiplication practice
- Writing topic homework
- Skating permission form (for those that have not passed it in already)
- Return Show What You Know (these will be going home on Monday. Once you have signed each piece of work, please return it as soon as possible)

Wishing everyone a happy week!

~ Mme Green (kayla.green@nbed.nb.ca)
