

CONNAUGHT STREET SCHOOL PSSC 2020-2021

Each year schools across the province elect members of their parent communities to serve on the Parent School Support Committee. CSS has always had a dedicated, devoted and representative group of parents who have supported out school's improvement over the years. PSSC members champion the whole school rather than individual student or parent situations.

Topics of focus are:

- School Improvement Planning
- Community Partnerships
- Home School Communication
- Policy Development
- Positive School Climate

We are pleased to share that the following parents are remaining on our PSSC this year:

 Sarah Green

 Erin James

 Monica McKendy

 Peter Cullen

 Kelsey Keys-Connell

 Lauren Wiley

 Susan Holt

 Moira Buyting

We have two 3-year terms available and are receiving nominations until **Wednesday, September 23rd at 9:00 am**. The nomination form is attached to this message along with a provincial brochure providing critical information about the role and function of PSSC's in NB schools. Due to the unique nature of this school year, we will be meeting online using the MS TEAMS platform initially. You may either nominate another parent or you may nominate yourself. This committee works best when we have a representative group of parents who are the voice of many families. Should you have any questions, please do not hesitate to reach out to the Principal (barb.corbett@nbed.nb.ca).
