Mrs. Coulombe's Class May 1-12th

We enjoyed our visit to the Dr. Everett Chalmers Hospital. It was a great learning experience for the children and my favorite grade one field trip each year.

Coming Up- Thursday May 4th we will visit the Cineplex theatre to watch the movie "Enchanted Kingdom".

There will be **no school for students** on **Friday, May 5th** as teachers will be attending Subject Council.

Wednesday, May 10th will be our **Spring Fling Event**. Stay tuned for more information.

Homework

For math homework the week I have included some suggested measurement activities to do at home.

Please remember to read each night.

Play outside and enjoy the fresh Spring air!

What We will Learn this Week

Literacy-

This week we will continue with Lorax theme with writing and activities to help us learn about sustaining our environment.

Sight words for the week-

Math Vocabulary:

long, longer, longest

short, shorter, shortest

Phonics- "tr" blend

"er" "est" endings

Math- SS1 Demonstrate an understanding of measuring as a process of comparing attributes. This week we will do lots of measurement activities using non-standard units. We are taking a break from addition and subtraction strategies for the next two weeks. Flex math groups may start again towards the end of the month.

You and Your World - Environment (Living Things)

1.2.1A Describe different ways that animals and plants meet their needs.

1.2.1F Recognize that living things depend on a healthy environment.

1.2.1B Observe and identify similarities and differences in the needs of living things.
