

October 14, 2021

Hello Gibson-Neill Families,

Halloween is fast approaching, and since we can't have our traditional Halloween Howl, we are planning for a Halloween celebration in the classrooms on Friday, October 29th. Halloween is always an exciting day for students, and this year we will have school-fun with activities, centers and of course the most important part, **treats**.

We are asking for parents/guardians to send in a store bought, individually pre-packaged nut-free Halloween treat by **October 25**, (i.e. bag of chocolate bars, box of chips, bag of candy, cookies, fish crackers, stickers, pencils, granola bars). We cannot accept homemade treats or items that are not individually packaged. All treats will be collected in advance, organized, and then distributed to each class by two very special visitors on October 29th. Can you guess who?

Appropriate costumes for school on October 29th

- a. No Halloween masks of any kind. Students will still need to wear their regular masks.
- b. No scary or inappropriate costumes (please remember your child's costume should not hinder their ability to participate in a regular day of learning, recess, and phys. ed.).
- c. No accessories or toy weapons of any kind.
- d. Students are encouraged to wear orange and black if they choose not to wear a costume.

We need your help to make this Halloween fun event happen. Thank you for your continued support and for sending in treats by no later than October 25.

Sincerely,

Tracy Stewart

Principal
