

JAM SESSION

INSTRUMENT AUDITIONS

*** PRACTICES WILL BE HELD ON TUESDAYS 4-5PM ***

INSTRUMENT AUDITIONS WILL BE HELD:

Tuesday October 16, starting @4pm

Everyone comes at 4pm, we should be done by approximately 5pm.

TIPS FOR A SUCCESSFUL AUDITION

YOU WILL PERFORM TWO SONGS:

FIRST SONG: Choose a youtube clip that you will play along with. Ideally this will be a "Jam Track" that has your instrument eliminated (similar to how a karaoke track has vocals eliminated). These tracks are easy to find – just search " _____ Jam Track" (the blank is the name of your instrument). If you cannot find a "Jam Track", choose a song to play along with.

SECOND SONG: You may choose another song to play along with or choose to showcase another side of your playing ability by playing without accompaniment.

You will only perform about 90 SECONDS of each song.

**** Choose the starting point in the song that best highlights your talent. If using YouTube, know how many seconds into the video you want to start.*

Be a ROCK STAR!!!

**** Don't be shy to show off your rock moves during your audition. We understand that it's difficult but try to imagine that you have a band backing you and there entire school population is watching!*

PRACTICE, PRACTICE, PRACTICE

**** You will feel more confident and will likely have a better audition 😊*

***** If you don't make the cut this year, PLEASE keep playing! 😊**
