

Extra-Curricular Activities Handbook 2019-20

The extracurricular activities at George Street Middle School are a part of the total education program. We see Athletics, Band, Theatre Production, Math Enrichment, Student Representative Council, etc., as extensions of our curriculum that can provide students, who elect to participate, an opportunity to perform at a higher skill level whether it be in the arts, athletics, academics or general student life.

The George Street Middle School Student Code of Conduct (Student Handbook) and School Board Policy governs the behavior of all students. Students participating in school activities represent our school in the surrounding communities and region and we expect them to exhibit exemplary behavior.

To enlighten students and parents/guardians of the list of activities as well as information about the activities, we have prepared this handbook as a guide. The information in this guide is subject to change and will be updated regularly to reflect new extra-curricular activities.

Athletics Section

Athletics Section

Approximate timeline for each season:

Soccer: September to October

Cross Country: September to October

Badminton: End of October to beginning of December

Basketball: December to February

Volleyball: March to May

Track and Field: May and June

Softball: May and June

Teams usually meet for 2 practices and a game or vice versa each week.

Other activities can come up throughout the year and be promoted, such as rugby in the spring.

Fees:

An athletic fee is applied to each sport where needed to offset the cost of running our program such as uniforms, team equipment, scorekeepers, referees, coaches expenses, awards, and tournaments. The Athletic Department will advise of each team's fee before the season begins.

Information:

The Athletics website has a calendar where schedules are updated and information for each sport is posted. Athletics page: <https://tinyurl.com/gsmsathletics>

Some of our teams have tryouts and we can only select a certain number of players for each team depending on the sport. Athletes are chosen based on athletic ability, attitude, and commitment. Selection to the team the previous year does not guarantee a position on the team for future years. There are expectations that student athletes are required to meet to participate.

At the last competition of the season the coach will collect all the uniforms before the athletes leave the event. If an athlete fails to return their uniform, a fee can be charged and/or participation in another activity will be withheld.

Transportation and supervision to and from any event is a family's responsibility unless otherwise stated. As we do not have outdoor facilities we will often use Barker's Field (located on Northside just off the walking trail/old train bridge), Queen's Square, and O'Dell Park. Many students will walk or bike to those locations. We encourage the students to travel with a buddy or as a small group. For activities in the gym, students can remain unsupervised at the school, staying within the gym balcony, for events that start no later than 4:30pm.
