What do we do with student records

In order to support learning, the public education system keeps a variety of information about students. Some of this information is kept permanently. It provides a record should it ever be needed in the individual's lifetime. This information includes: legal name, address, attendance, marks/grades, credits obtained, graduation status, transcript of marks, etc. Other types of information are also needed to provide a variety of services and supports to students. This second type of information is kept only as long as it is relevant to the services provided. It can include: standardized assessments, student work samples, clinical findings, comments of teachers, or other professionals, health information, current disciplinary letters/interventions, appeal records, copies of probation and custody orders, etc. Medicare numbers are used for research and registration purposes, and to verify proof of immunization in accordance with the Personal Health Information Privacy and Access Act. Use of student information falls into three categories: to help educators and other professionals provide direct service to the student; for research and planning activities that improve education or improve services related to the overall student development; and for administrative purposes. If you have any questions regarding the use of personal information in the school system, please contact the Director of Schools at your appropriate Education Centre.

Custody Information

Please note: Schools are required to provide, on request from non-custodial parents, information about a student's education, except where a court order prohibiting access of a parent to a child exists. If there is a current, valid court order prohibiting access to this child, the responsibility rests with the custodial parent to provide the school with a copy of this document. Please contact the school.
