A student fee of \$50 will provide all students with an ID card, locker rental and lock, lab supplies for Science as well as materials for all Practical and Related Arts courses, and funding for all our positive rewards programs – including guest speakers and equipment for our popular games room and student lounge. Families of two or more will pay a family fee of \$75. 100% of the student fees go back to students to make GSMS a rich inviting place. In fact, students help determine how we use the fees via their feedback on our monthly Think Tanks.

Student fee may be paid online using School Cash online. Parent may also send cheque payable to George Street Middle School or cash.

Grade 8 has access to our ‘Bring Your Own Device (BYOD)’ service: Your children will use technology on a regular basis in grade 8 and have a student wi-fi access. If you have ever considered purchasing an electronic device (tablet – laptop) for your child, this would be the year. We do have some netbooks and tablets available for the students to use, but we have found that students who bring in their own device can get to work faster and have fewer issues with software discrepancies.

****** If a subject teacher requires anything specific that is not listed below, they will let you know the first week of school***

******Students will need to restock mid year on materials such as loose-leaf, pencils and pens...***

See you in September! We look forward to working with you.
