Light Collage Assignment

Using the groupings below, you will create a light collage. Here are the directions for your collage:

1. Must be on a piece of 8 ½ x 11 unlined white paper and cover the entire paper.
2. You must have at least **10** different pictures related to light (**one for each category below**). You can have more than 10 pictures if you would like.
3. Pictures can be from magazines, catalogues, printed (**in colour**) from the internet or drawn **carefully** by hand (black and white internet photos can be coloured in).
4. There **CANNOT** be any spaces between your pictures – pictures can overlap (no left over white paper). Collages do not have any spaces between the pictures.
5. Be sure to use “neat cutting” and varied shapes.
6. Submit this paper when you pass in your collage.
