

6-Week Lunchtime Program

Kinetics, Critters and CSI

All About Animals - Feathers, fins, fur and more! Explore the animal kingdom and learn about the habitats, anatomy and life cycles of your favorite creatures. Then make your own animal track to take home.

Current Events - Investigate the power of current electricity in this exciting, *electrifying* class. Compare parallel and series circuits and experiment with conductors versus insulators.

Energy Burst - Discover the potential of *potential energy*. In this energetic class we explore what makes your favourite toys work, what makes a flashlight shine, and what powers catapults!

Gravity Egg Drop - Learn about the force of gravity and design your own capsule to protect a raw egg from damage.

Spy Academy - Discover the science and technology behind burglar alarms and surveillance systems. Learn to encrypt and decrypt secret messages!

Mad Machines - Explore the six main types of simple machines including the wheel and axle, the screw, the lever, the inclined plane, the wedge, and the pulley.

Location: HARVEY ELEMENTARY SCHOOL **Time:** Wednesdays Lunchtime **Cost:** \$66+tax
Session #1: Oct 26 – Nov 30 **Registration Deadline:** Oct 24
Session #2: Dec 1– Jan 25 **Registration Deadline:** Nov 16
